A brief history of photography

Give us your photographer bio!

Boquete PhotoGrafía offers educational presentations, photo challenges, critiquing, outings, & more. We generally meet twice a month, currently online. Whether in person or online, we are a supportive community. Member benefits include frequent opportunities to have your work viewed and evaluated, plus full participation in photo challenges and all other club activities, access to our growing catalog of video content, and (when possible) the chance to professionally print and display your work in group or individual exhibits, and at our table at the BCP Tuesday Market.

Whether beginner, intermediate or professional, we encourage anyone with an interest in photography to drop in.
